

Prosser Scott

Free Funeral Service Online Streaming Now Available

Ph: 9381 6133

Email: admin@prosserscott.com.au

We are still available and working hard throughout the Coronavirus crisis to help Perth families. Please note that there has been a big increase in Live Streaming bookings due to the current situation, so it is best to book sooner rather than later to avoid disappointment as dates are going fast.

We can live Stream from our Chapels, Churches, Crematoriums and even the Graveside.

There are occasions when distance, health or other circumstances can stop some family and friends from attending a funeral to say goodbye and pay their respects.

Our online Funeral Live Streaming can provide a great alternative. Live Streaming a Funeral allows those who are unable to attend the opportunity to participate, say goodbye and watch the funeral for themselves in real time, over the internet from anywhere in the world.

We are using Tablets and Zoom Meetings to Live Stream the Services, meaning that we can literally Live Stream from any location, such as our Chapels, Churches and even the Graveside.

Streaming of the Service is also available at the Metropolitan Cemeteries Board (MCB) Chapels through Pro Av Solutions.

Streaming of the Service is also available through
In Memorium Productions, Ph: 08 9227 0495 and
3Media Ph: 08 6498 8003.

Will incur an additional charge of approximately \$385.

A Link will be emailed out to the administrator the day prior to the Service.

If watching the Service via Zoom, please make sure your device is muted throughout the Service and you do not share your screen.
